

## message from the principal

I gladly take this opportunity to express my appreciation and that of staff and students to the editorial board of our school magazine 1980.

I am aware that considerable time and effort have to go into the planning and the execution of this annual venture of ours. At the same time I am convinced that our magazine plays no small part in fostering an ever deeper sense of belonging and mutual co-operation in both teachers and students alike. They are qualities which we stress very much, conducive as they are to a sound education.

I wish the Editorial Board of our Magazine, contributors, supporters and readers all the best.

May the Good Lord bless and keep you all.

Fr. J. Carpella, S. D. B.

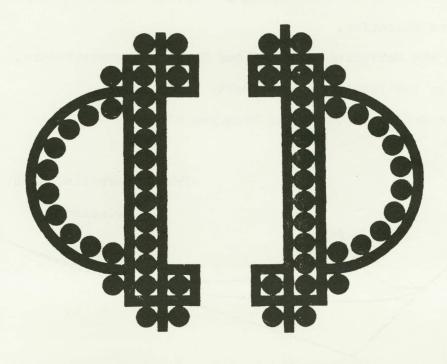

Principal

### acknowledgement

It is with joy and hope that we put full stop to the present issue of our School Magazine.

Try hard as we may, we cannot deny that mistakes and inaccuracies may be found in this issue; however, we would like to beg you to make kind allowance for them.

We would like to take this opportunity to express our heart-felt gratitude to our principal, Rev. Fr. J. Carpella, whose constant advice and encouragement have given us confidence and enthusiasm, and who undertook the difficult task of checking the English manuscripts. We would also like to express our thanks to the Administrative Staff, to Mr Fu Ping Sum and to Miss Susanna Kwok for their invaluable help. Finally, we are grateful to all those who have assisted us in making the present School Magazine a pleasant reality.

# SCOUTING 16TH H. K. GROUP

Thanks to the continuous support from the school authority, the Group has been expanding during the past year.

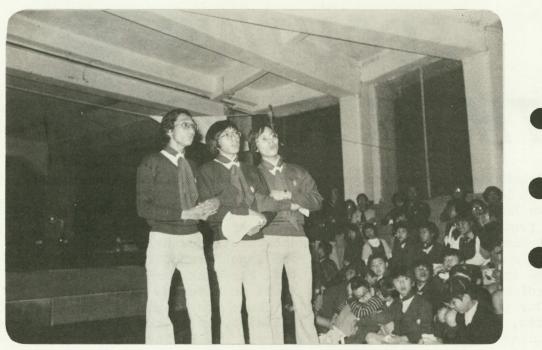

We now have a very large Scout Room situated at the far end of the football field. The room is large enough to accommodate all the members of the Group for indoor meetings. We have a changing room, a QM's room (store room), conference room, lecture room and space for patrol corners, too. For weekly meetings, we have exclusive use of the football field on Saturday afternoons.

Our population has reached I42. There are 70 cub scouts, 40 scouts, 20 venture scouts and I2 leaders, under the leadership and guidance of Mr. Paul Chan (G.S.L.) and Fr. P. Deane (Spiritual Director).

In addition to these uniformed members, we also have a supporting body----- The Group Council. The Council now is made up of 20 members. Most of the Council members were once scouts of the I6TH Hong Kong Group. We are privileged to have Mr. Liu Lit-To and Mr. Joseph Cheung Kwan-Fai as our Hon. President and President of the Council respectively. Under the management of our Chairman, Mr. John Hung Chiu-Suen, the Council held meetings to solve external problems. Dealing with the internal affairs, we have Dr. David Tsang Sau-Cheuk and Mr. Thomas Lau Hon-Ki serving the Council as Hon. Secretary and Hon. Treasurer respectively; Mr. James Lee Tit-King, Mr. Peter Leung Chun-Wah, Mr. Marius Chan Hon-Yung and Mr. Gary Koo Heung-Tung as Vice-chairmen.

Our President, Mr. Joseph Cheung Kwan-fai receiving a souvenir from the G.S.L.

Scout-songs four-eyed style

Throughout the year, the Group rendered services to the school and the public. We held our annual campfire with over two hundred participants in spite of the bad weather. We were honoured by the presence of several distinguished guests from the Council and the school authority.

In the coming year, we are planning to expand the Group by establishing one more cub scout pack which can enrol 36 primary students, and another scout troop which can take in 40 new members from the secondary section in order to meet the increasing applications from the students.

General Meetings :-

Time: Every Tuesday (after school)

Place: Demonstration Room

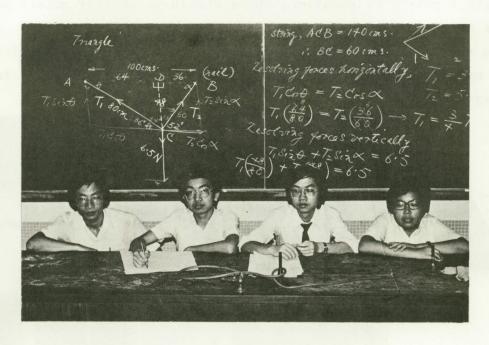

People judge our school by the behaviour of its students, not at all by how smart your appearance is.

The reputation of the school is like the fruitful result of an enterprise; if you do not try hard to maintain it, bankrupcy is the result. Who is to suffer then ?

Is a monitor really no better than a rabot?

There is a way you can get rid of your monitor: you take up the duty of monitor yourself. Are you willing or not?

Monitors, stand up straight, your backbone is good enough for that.

Brothers Four ?

왊

## Independent Clubs Association

The Independent Clubs Association has been established to streamline the extra-curricular activities held by its member-clubs.

The I.C.A. is composed of the member clubs and the I.C.A. executive committee. To facilitate its work, several sub-committees were formed:

- i) the SLOBA Shield Award Scheme Sub-comittee
- ii) the Sweater Sub-committee
- iii) the Reform Sub-committee
  - iv) the I.C.A. Squad
    - v) the Joint-school Leadership Training Camp Sub-committee

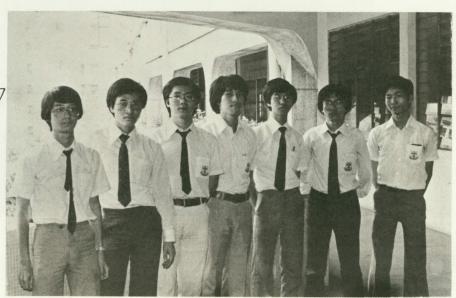

One thing worth mentioning is the Joint-school Leadership Training Camp. This is a part of the Reform Scheme. It is hoped that there will be more able persons to facilitate the club activities. This Camp will be held on the Campus of the Chinese University from 14th to 17th July.

With a year's preparation, there should be another golden year for the extra-curricular activities in our school next year.

In the following pages, there are to be found brief introductions of cur member-clubs. If you are interested in, do not hesitate to join them next year.

# D.E.A.

The Duke of Edinburgh's Award Scheme was started in the United Kingdom in Autumn 1956 by the Duke of Edinburgh. In 1961 the Scheme was introduced to Hong Kong. At present, there are over 23,000 entrants in the Scheme in Hong Kong coming from 21 Operating Authorities. And our Club is one of the User Units of the Hong Kong Catholic Youth Council Operating Authority.

\*\*\*\*\*\*\*\*\*\*\*

The aim of the Scheme is to encourage young people to take part in leisure activities. Through such activities, the Scheme provides young people with opportunities to discover their talents and shortcomings, to develop their abilities and personalities, to improve themselves and to work out their relationships with friends and the community at large. By developing the quality of maturity and responsibility in young people, the Scheme makes a significant contribution to society.

The Award Scheme is divided into five sections: Service, Expedition and Interests which are all mandatory; Design for Living and Physical Activity of which entrants can choose either one.

In the past school year, the Club organized various functions. The following calendar shows the functions which were held by the Club:

August 1979: A 'First Aid Course' for the Silver Candidates.

Two Silver Expedition Assessments in the Sai Kung
Peninsula.

October 1979: An 'Expedition Training Course' for the Bronze Candidates.

November 1979: A 'Committee Service Course' for the Bronze Candidates.

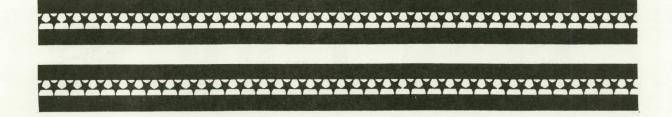

December 1979: A Bronze Expedition Training.

February 1980: A Bronze Expedition Assessment. A visit to the Royal Hong Kong Auxiliary Air Force.

March 1980: The 5th Inter-Unit Score Orienteering Competition 1980 organized by our Operating Authority in the

New Territories.

Last year, we had three members who got their Gold Awards and six who got their Silver Awards. We hope that better results will be achieved in the coming years.

# ASTRONOMY

With the aim of introducing some basic astronomical knowledge to our schoolmates and arousing their interest in this very subject, the Astronomy Club continued to flourish in the scholastic year. Early in September, about 60 students many of whom came from the lower forms, were enrolled as members of the club. It was encouraging to see that many of them enthusiastically took part in the club's activities.

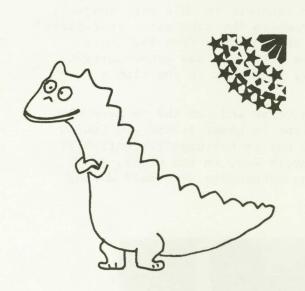

To gain some insight into the Universe and for the purpose of star observation, two camping excursions to Lamma Island and Lantau Island were held in the Christmas and Easter holidays respectively. Unexpectedly, the response of the members was, on the whole, so fervent that two other similar camping excursions were held during the summer vacation.

astronomers ?

Moreover, frequent academic lectures were given to the members, by which they greatly benefited. In addition, after months of preparation, an academic bulletin was also published and free copies were distributed to the members.

In retrospect, the club's functions were conducted smoothly throughout the whole year. This due was not only to our effort, but also to the cooperation between the committee and the members. Finally, we are very grateful to the school authorities who lent us delicate optical instruments including a 2.4 refractor and two 45 reflectors, for their kind permission to use them.

實香知,

The Reading Society was set up at the beginning of this year with the aim of providing our schoolmates with various kinds of activities so as to arouse their interest in English.

We have recruited 35 members from Form I to Form V this year. We are proud to have them as our members because of their enthusiasm towards the Society and their kind cooperation shown while participating in the activities.

The following are the major functions organized by the society:

1. On 3rd November, 1979, eleven ordinary members and committee members paid a visit to the South China Morning Post. We learned much about the processes of producing a newspaper.

2. A Mock Test on C.E. English Language Paper II & III was held on 2nd January, 1980. One hundred and nine students of Form IV & V participated in the test from which they could assess their preparation for it.

3. A lecture was given by Mr. Liu Kwok Fai on 11th March, 1980. The subject was "The Faithfulness, Expressiveness and Elegance of Translation". It was a most successful lecture attended by more than seventy students who were all impressed by lecture's presentation.

4. The "Inter-House Translation Competition, 1980" was held on 26th March, 1980. Its aims were to arouse the students' interest and to raise their standard in translation.

5. The "Inter-Class English Variety Contest" was held from March to April. The Contest comprised 3 levels: Form I, II & III. The aim of the contest was to promote the students' interest in English through a variety of games.

## 

As this is only the first year of our society, we are just like a baby. We need experience to set up a sound foundation. However, we would like to express our gratitude towards Miss A. Pedron, Mr. Liu Kwok Fai and Mr. Lee Chun Ho for their guidance, advice and support throughout the whole year.

Dear schoolmates ,if you want to occupy your spare time with some extra-curricular activities and at the same time to learn something that is <u>really</u> useful to your studies, please join us. We are glad to be able to further our mutual interest with you.

# TOUTH CLUB

## 

With the unfailing support of the school authority, the Old Boys' Association, the advisors and fellow members, the development of our St. Louis Youth Club has been taking place satisfactorily. The intended effects of the projects were not difficult to attain, but they still entailed our clubmates' endeavours to fulfil them.

In late September, 1979, our club arranged an orientation meeting for the lower formers. Its purpose was to introduce the past functions and future plans of our club to them.

At the same time, extra-curricular functions were also proceeding in parallel. They were as follows:-

## The Refugee Children Week

Between the 8th and 12th October, 1979, over ten thousand pieces of winter clothing were collected from our generous primary, secondary schoomates and our kindergarteners as well. Obviously, the clothing was intended to help in the first two months of the harsh winter. And on the following Saturday (13th October, 1979), we lorried all the clothing to the Kai Tak North Camps where the Vietnamese refugees were living, and also assisted in arranging an open-air concert by Mr. William Chan and some T.V. stars that afternoon.

Besides helping the Vietnamese refugees, we also helped the campaign to relieve the Cambodians.

## The Sixth Annual Talent Quest for the Handicapped

This annual programme organised by our club aimed at several targets, such as:

- (i) to give the handicapped a chance to display their talents;
- (ii) to enhance a better understanding and co-operation between them and the able-bodied;
- (iii) to promote the idea of organising various programmes for the handicapped by other social service groups;
- (iv) to offer opportunities for those organisers and workers to attain more social experience through this project;
- (v) to maintain the precious friendship between the partner schools and ours.

This year, over two hundred and seventy participants from twenty-four centres showed their potent talents in the heats (8th December, 1979) and the finals (22nd December, 1979) at the Caritas Community Hall.

A pair of pretty girls from the Hong Kong School for the Deaf in graceful Indian costumes won the first prize by an Indian Dance. The Second and the Third were gained by group-singers and five 'Movement' players respectively.

Finally, we were honoured by the presence of the Honourable Sir Denys T.E. Roberts and many other guests. Simultaneously, many thanks were also expressed to our sponsors, judges, guest performers, advisors and volunteer workers of Sacred Heart Canossian College and Saint Paul's Convent School, for their generous contribution of time, efforts and energies to this meaningful event.

## Telephone Tuition Service

This event was organised by the St. James' Settlement. Every week, we sent members to the headquarters of the St. James' Settlement in Kennedy Road, Hong Kong. There our members helped to solve the problems of schoolwork varying from kindergarten to Form Three level through the telephone. We feel that this long-term service was worth organizing.

## Sandy Bay Christmas Party

On 16th December, 1979, an air of entertainment and happiness filled the Duchess of Kent Children's Orthopaedic Hospital and Convalescent Home. On that afternoon, the Don Bosco Singers and our club organised a party comprising Christmas Cards, magic shows and games for the children. We think the children had a happy afternoon on that day.

## Fun Fairs

- (i) 'Carnival for Children'--- organised by the Northcote College of Education. (13th October, 1979)
- (ii) 'Carnival for the International Year of the Child'---organised by the Salesian Community. (20th October, 1979)
- (iii) 'Fire Fighting Day'--- jointly organised by Tang Shiu Kin Secondary School and St. Francis Canossian College. (9th February, 1980)
- (iv) 'Children's Fortnight'--- jointly organised by St. Paul's Convent School and Tang King Po Secondary School (24th February, 1980)
- (v) 'Carnival for the Handicapped'--- organised by the Western City District Office. (1st March, 1980)
- (vi) 'Carnival for the Chinese New Year'--- jointly organised by the Central and Western City District Office. (2nd March, 1980)
- (vii) 'Fun Fair for Children' --- jointly organised by the Central and Western S.S.S.S.C.C. and I.C.A.C. (6th April, 1980)

Both fun fairs and carnivals had the same purpose: to provide programmes for the children or the handicapped to enjoy healthy entertainment in their spare time.

N.B. We are one of the member schools of the Central and Western Secondary Schools Social Service Co-ordinating Committee (S.S.S.C.C.). This committee provides more opportunities for the member schools to communicate and exchange experiences with one another.

## Sandy Bay Summer Project

Last summer vacation, St. Stephen's Girls' School and ourselves jointly organised a series of programmes for the patients in the Duchess of Kent Children's Orthopaedic Hospital and Convalescent Home. The programmes included film shows, interest courses, picnics, parties, visits and some other activities. Moreover, nearly one hundred workers were involved in this one-month function, which benefited them by providing valuable experience in social work.

## Lai Yuen Children's Day

Approximately three hundred children from seven centres, most of them handicapped, spent a happy afternoon in Lai Yuen Amusement Park on 25th July, 1979. There were games and refreshments provided for the children.

In this function, we had much pleasure to have the voluntary assistance of the Social Service Groups of Sacred Heart Canossian College, St. Paul's Convent School and St. Stephen's Girls' School. Indeed but for the enthusiastic support of the sponsors, news agencies, participating centres, and last but not least, our advisors, the function could not have been so successfully held.

Finally, we do hope the friends who were involved in our social service did enjoy all the ventures to the full.

## tennis club

The tennis club of St. Louis had another successful year under the guidance of Mr. Law Yin Shun. As tennis is becoming more popular among our fellow students, our club has been growing considerably.

This year, we were able to have our weekly practice every Wednesday and Saturday at the Causeway Road Sports Centre.

This year, we had lots of activities like a friendly match with Wa Yan College, a tennis competition for all our fellow students in St. Louis. And we also sent groups to join the competition held by the HK Tennis Association.

Furthermore, a training course for beginners was organized last summer to introduce basic skills and to promote friendship among the club members.

Finally, may I express our warmest thanks to Mr. Law Yin Shun for his invaluable contribution to our club.

# science society

The aim of our society is to foster the interest of our fellowstudents in science and to provide extracurricular activities. Not in the least do we have the right or authority to teach the lower form students, still some lectures were organized by us and we are proud to call ourselves the bridge between the teachers and the students. Looking forward to a brighter and more successful future, we heartily need all your support and help.

## Functions:

(1) A booklet was issued by our Maths. Group.

(2) Our teacher, Mr. Sun Sheung Ming, gave our members a lecture on specimen making in October. This was organised by our Biology

(3) A joint school field trip organised by St. Louis School, Maryknoll Convent School, Queen's College, St. Joseph and B.H.T.S. to Sai Kung was held on 22nd Feb., 1980 -- by the Biology Group.

(4) A Science quiz competition for F.1 to F.4 was held in the middle of

(5) An I.Q. test was set for all members in May.

(6) Tests (for fifth formers) Physics Group: Internal Physics Test : 9th Jan., 1980. Joint School Physics Test: 9th March, 1980. Chemistry Group: Joint School Chemistry Test: 2nd March, 1980 Biology Group: Internal Biology Test : 21st Nov., 1979. Joint School Biology Test: 16th March, 1980.

(7) The 13th Joint School Science Exhibition will be held in the City Hall from 26th July, 1980 to 3rd Aug., 1980 and our school, as in previous years, is taking part in this project. This year, the title of the project for our school is 'Bacteria and Viruses'.

(8) A pamphlet 'Computer and Energy' published by the Joint School Science Bulletin was issued to each member.

(9) Visits to Town Gas Company and some other organisations were organised, and questions and model answers connected with different subjects from past Certificate Examinations were published.

'St. Louis students are very scientific. Instead of asking me what's the height of my boots, they asked me what's the gradient', said Miss Tang Oi Lam, the Mistress of the Ceremonies of our Golden Jubilee Concert. It is in fact very true. Among the Science subjects, Physics is invariably one of the most favourite. In view of this, our society was established, and it is exactly our aim to increase our schoolmates' interest in Physics, to streamline them in their Physics studies and to enrich their knowledge.

While the above are our primary concerns, we do not forget other things. Full education is not merely Physics! Therefore, in October, we held a seminar for the fifth formers to help them further themselves

in the long run of acquiring full education.

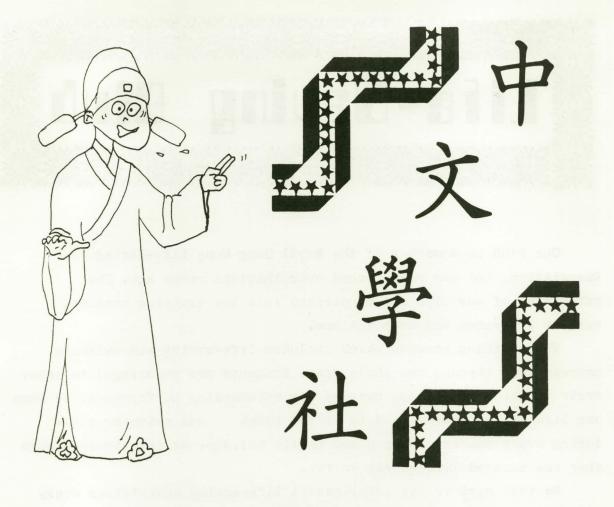

It was 18th October, and as soon as the school bell rang, the music room was filled up by eager students. The seminar began punctually at 3.45 p.m. Many things about the HKCEE and further studies were mentioned by our exemplary Lower Six students. The listeners were enthralled and the speakers were egged on. Smiles incessantly held in the corners of the listeners' mouths and many questions were raised by them showing their great concentration. The finishing time was to be 5.00 p.m. However, response was so heartening that we had no hesitation in prolonging the seminar till 6.00 p.m. It was really a worthwhile function!

In March, a Joint School Physics Test was organized for our fellow Form Five students. Together with the Science Society and a few other schools, we got a heart-warming success. One hundred and twenty of our fellow students sat for the test on the Sunday morning of 9th March in which they have to compete with candidates of other schools.

The test resembled the HKCEE exactly in nearly all respects with students of different schools sitting in the same centre which they were not very familiar with. As for the examination style, it consisted of two papers: Paper 1 conventional and Paper 2 multiple choice questions. Typical examination atomsphere filled the centres which was characterised by silence. As revealed by the results, the efforts of our men were not wasted, and though it was a new 'venture' for them, they completed it with flying colours.

The students of the lower forms were not forgotten either. The realization of the significance of a foundation gave our committee impetus to bring forward a lecture for our lower-form schoolmates. The response was once again encouraging and it well reflected the popul-

arity of Physics among the students.

Our club is a member of the Royal Hong Kong Life-Saving Association, and was established over thirteen years ago. The activities of our club can be divided into the training session, service programme and competitions.

The training session which includes life-saving and swimming courses runs through the whole year. Students are encouraged to enter tests in which medals are awarded for outstanding performance. We have our life-saving guards on duty at the beach and swimming pools during every summer vacation and public holiday. We have trained more than one hundred life-guards so far.

We take part in the inter-school life-saving competition every year. Since we haven't had any good coach in the past few years, our achievements in the events have not been satisfactory. We hope that we can score better results in the coming years.

# folk sons and www.

The aim of our club is to organize folk dances for all the students of our school. At the beginning of this year, we took action immediately,

The Guitar Training Course was started in the middle of October, 1979. However, it was stopped in December, for the response was discouraging.

On 6th January, 1980, we held the singing contest termed 'Talent Time' in our school but the reaction was not too satisfactory. We hope more schoolmates will participate in the coming years.

'On the Wings of Songs' was a joint-school singing competition.
Our club was one of the organizers.
The outcome proved to be satisfactory: eleven schools participated

and there were about five hundred people in the audience.

On 3rd March, we joined the Music Society on the Committee of the Secondary School Invitation Concert, and on 12th of the same month, our folk dance team took part in the Dance Festival'. Although the members of our team were Form Two students, it still was a good try.

After the 'Dance Festival', we put our efforts to helping the lower classes and organized guitar training courses.

We sincerely hope that more students will be interested in folk dance and folk singing in the following years.

# elub

'Learn and Play' is the motto of our Club; therefore, what we provide for our fellow members is largely outdoor functions, in which they are more likely to acquire some valuable knowledge through playing.

Last year, we held a joint-club picnic with the Fishing Club of our School at Cheung Chau, where we taught the new members some economical and geographical knowledge related to the villages there.

Our first visit was to the Cathay Pacific Airways Ltd., which was followed by another to the Royal Hong Kong Auxiliary Air Force. Through these two visits, we caught the idea of how air-crew perform their respective work on a plane, and had a chance to look at many different types of aircraft. Together with the help of movies, everything that we had seen was more firmly fixed into our minds.

The last item was the Joint-school Field-trip with the Geography Society of St. Clares' Girls' School. The main purpose was to provide the participants with an opportunity to practise their map-reading skill and, more important, understand physical geography more fully.

Finally, may we express our gratitude to our adviser, Mr Ng Wai Ming, without whose help all the functions mentioned could not have been carried out so successfully.

# Bridge Society

At the beginning of this academic year, with the help of our advisor, Mr. Bernard Hung, we started teaching our members the basic principles of bridge and their skills have been much improved. But we were disappointed at the absence of some members from the lectures.

As regards both internal and external matches, this has been an active year.

On 29th October, we joined the Bridge Club of St. Paul\*s Convent School in organizing an Open Pairs Tournament. On that morning, a friendly match was played between the two Bridge Clubs. The tournament, on that afternoon, was a very successful event. The number of participants standing at 180, broke an all-time record and became another landmark in the history of our club.

Two of our committee members put up a very good performance and emerged as the second runners-up.

Regarding the Annual Inter-house Bridge Competition, it was held from 26th November to 7th December. This year, only one team from each house was sent to participate. The championship went to Shamrock House.

We also took part in the 2nd Tactics Bowl team-of-four Bridge tournament, a very challenging event, organized by the Joint School Bridge Association during the Chinese New Year holidays. One of the three teams we sent entered the final.

After that, the second round of the Joint School Bridge Tournament was held.

In March, an internal pairs bridge tournament was organized for our members. Representatives from Sacred Heart Canossian College and St. Paul's Convent School were invited.

In July, the third and the last of the qualifying rounds of the Joint School Bridge Tournament will take place.

During the summer holidays, we will take part in the Rose Bowl, an inter-school bridge tournament.

We are looking forward to still better results in the coming year.

賞這種優美的中國傳統藝術,其次是讓各同學能夠得到一個學習是想藉着這個會社集合一羣愛好中國音樂的同學,並彼此共同欣本會今年的會務、活動和以往沒有多大的分别。本會的宗旨 ·國樂器的機會。

聘請的。 延信老師擔任導師之外,其他皆由本會職員充任,但也有由校外員,設立洞簫、笛子、二胡、琵琶等樂器教授班。除洞簫組由羅,就是這次演出非常成功。並在音樂晚會後,本會便正式招收會吳廣源老師客串演出,郭瑞華老師擔任司儀。令本會值得高興的賞晚會。整個音樂會皆由本會籌劃,並邀請聖嘉勒女校舞蹈組及賞晚會。整個音樂會皆由本會籌劃,並邀請聖嘉勒女校舞蹈組及

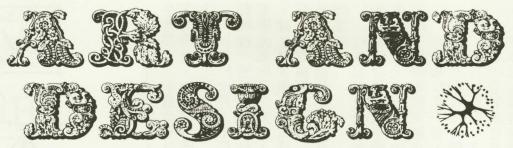

宵 傷 晚 殘 有 《人仕天才表演賽中及聯校民歌天才比賽中客串演出,及在年5應社會團體或學校的邀請演出,計有在聖類斯青年團主辦之校外演出也是本會重要活動之一。在過去一年中,平均每月 上 與青年國樂團在聖安多尼堂馮强禮堂聯合演出等。

日早上在學校禮堂練習,藉此提高本樂團的技藝。本會亦有派員參加聯校天才比賽,雖然未能得到獎牌,但對於本會的團員便得到一些寶貴的經驗。本會亦曾在學校音樂室學辦午間唱片欣賞會,目的使各同學能本會的團員便得到一些寶貴的經驗。

組 全部獲得優異獎狀 、高級組及低級組中共獲冠、亞、季軍各兩名,而參加的同學本會代表在今年的校際音樂節中表現相當不俗:在洞簫公開

Seven years ago, a group of schoolmates who felt great interest in art founded the Art and Design Club. The aim of this club is mainly to provide services to the other clubs in our school for activities concerning art and design. Such work includes the designing of posters, making use of the techniques of silkscreen printing and assisting the editorial board of the school magazine. We also intend to arouse the interest in art among our schoolmates though we regret to say that not much progress has been made in this regard.

During the academic year 1979-1980, several lectures were offered to the members of the club in order to convey to them general ideas about what art and design is all about. The topics included silkscreen printing, poster design, principles and application of colour, the offset artwork and the concept of painting. Members were also given opportunities to practise.

The main difficulties we are confronted with are the diminishing number of students who are interested in art and design and the lukewarm attitude of some of the members. However, we hope that through the work of our committee members and of other generous helpers, and following the reform carried out by the I.C.A., we shall enjoy a more encouraging and brighter future.

# Sailing Boat & Canoe

In November 1979, a joint-school sailing course was held at the sailing centre in Tai Po. Fourteen participants, eight from St. Louis School, six from St. Clare's Girls' School, were taught the basic skills of sailing and, to some extent, learned how to cooperate as well as to

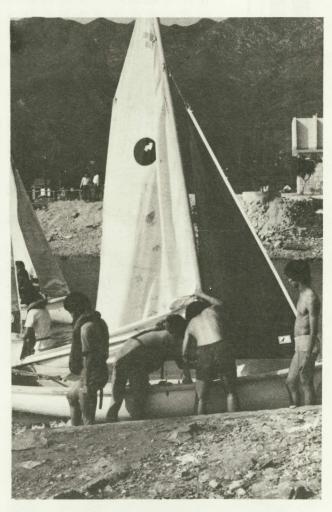

communicate with each other.

In all, most participants could reach the desired aim.

Moreover, this is a new era for our club because, for the first time, we held a sailing course for students from two schools.

For the time being, there are six certificated helmsmen, three assistant instructors and one instructor in our school. They are responsible for the training of new members.

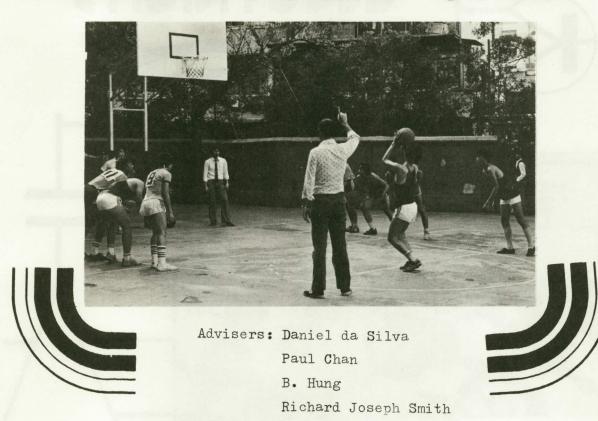

A canoeing course was organized and twelve students took part in it. Also, some members kept training all the time, for the Chinese Schools Race was held in April.

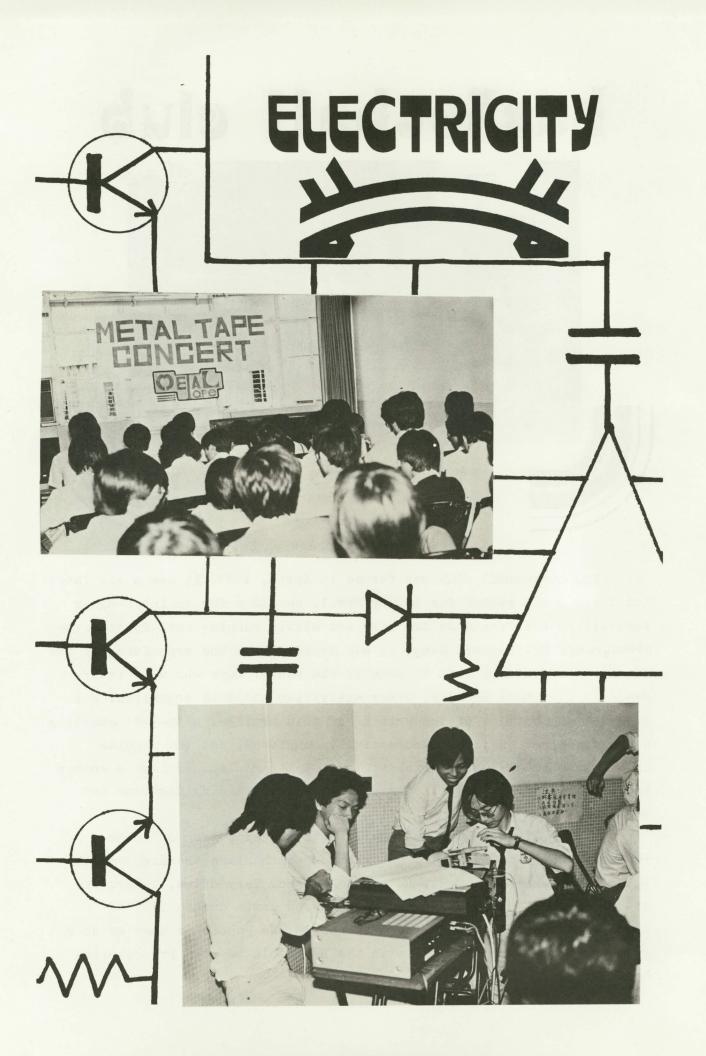

## basketball elub

The basketball club was formed in April, 1980. It was a bit late but there was a reason for it. By April, no plans for an inter-house competition had been made and time was slowly running out. To take the pressure off Mr. Bernard Hung, it was decided that the organizing of the competition could be left to some of the senior boys who were interested in the game. Besides, other activities could be organized. For example, at the time of the writing of this article, a '5-3-2' shooting competition had just been successfully completed, and the regular inter-house league was nearing its end. Further plans include a summer basketball league competition and, hopefully, training sessions for beginners and novices.

So far, things have gone well, with the exception of interruptions due to the weather. Interest and enthusiasm are high and the
future of basketball in St. Louis looks good. Very often, things are
started with enthusiasm but they die a slow death due to lack of
committment on the part of those in charge. We hope that that we do not
go the same way, so far, the club has been able to meet its committments.

The 79-80 academic year was undoubtedly a success for cur club because of the energy and time that our committee members had put into it.

In addition to the usual tasks that is taking photographs for our school on the occasion of various functions, we received a very special assignment this year: almost all our chief photographers were called upon to take photographs for the official inauguration of our newly completed football playground. What a terrific job it was!

During the Lunar New Year holidays, an indoor portraiture practice was held and we had great pleasure in having Mr. A King Chan and Mr. Simon Tam as our advisors.

Easter was another golden period for the club as a joint school outing with St. Mary's Canossian College was held in the New Territories. Once again, the function turned out to be successful under the guidance of our advisors.

The most exciting day of the club came on the 1st of May when our annual photographic contest took place in the demonstration room. Over 200 B&W and colour items of work were received and the results were just overwhelming!

We sincerely hope that the coming year will be another magnificent year for us to enjoy.

No sooner had the committee members of our club organized than we proceeded to improve our library.

The main purposes are not merely to promote friendship and cooperation among the members, but also to cultivate the habit of serving people among them. As librarians have the responsibility to improve the conditions of our library, the club is warmly welcome to enthusiasts. The qualification for membership is simple: anyone who is interested in library work can join it and become a librarian.

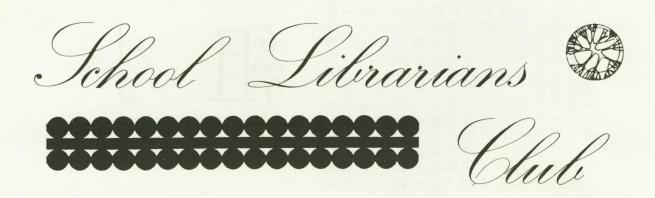

Moreover, members are young. We are inexperienced in many ways. Luckily, we have our principal, Rev. Fr. J. Carpella, and our prefect of studies, Rev. Fr. P. Deane as the club's spiritual advisers; Mr. Luk Nai Keung and Mr. Wan Siu Tung as the club's technical advisers.

We therefore, have taken this opportunity to establish a systematic general service for our teachers and schoolmates as they may require. Also, it was evident that some of the books in our library were too old fashioned and out of date. In view of this, our members started, early in the school year, to make a general survey of the books that our schoolmates require.

For teaching the members the technique of the work, the committee members organized a training course which lasted four weeks. The training course was welcome and the members managed to carry out many tasks under the instruction of Mr. Luk Nai Keung and Mr. Wan Siu Tung. Furthermore, in order to help the members to absorb the best experience of others, so that they can use it to improve our library, the committee organized a visit to the library of St. Clare's Secondary School, with the help of Mr. Luk Nai Keung.

Besides being on duty regularly, the committee members provide some extra-curricular activities, such as competition and parties, to the members, so that they can have opportunities to enjoy themselves.

After all it is most encouraging and heartening to see all our fellow-members co-operate to make our service as perfect as possible.

## music society

First of all, may we send our whole-hearted gratitude to our chief advisor, Rev. Fr. J. Carpella, our Principal, for his dedication to the progress of our Music Society. The main aim of our Society is to example the appreciation of music, chiefly classical, among our fellow schoolmates: since it was set up for the whole school, every St. Louis student should be our member with no exception.

Our regular item was record concerts, in which all sorts of music, even including disco, were presented. They were usually held in our Music Room during lunch break and the response from our fellow schoolmates was quite encouraging.

On 2nd February, 1980 we participated in a joint school talent quest called 'On the Wings of Song' at Ying Wa Girls' School. Then on 23rd February, we keenly joined the 3rd Annual Joint School Talent Quest, hosted by the Community and Youth Office, which was held at Maryknoll Sisters' School. Later on 8th March, we as well as the Folk Song and Folk Dance Club participated in the Secondary School Invitation Concert organised by the Honrel Hall of Hong Kong University Student Union at Loke Yew Hall. In this event, we sent our best folk song groups 'Integrand' to perform two cantonese songs. Moreover, we took our part in the Inter-school Music Festival, in which we hereby sincerely thanked our school for patronizing the entry fee. During our Thanksgiving Day Concert, we certainly did not lose any chance to have our part for our school's benefit. Finally, in April, we joined the Traditional Chinese Music Society in inviting the Hong Kong Chinese Orchestra to make a show in our school.

Lastly, we would like to thank every keen person who has offered us some valuable suggestion and even help.

## ALOYSIANS

The Editorial Board

In this scholastic year, it is rather a pity that the Editorial Board of the Aloysians was established in late December, 1979 - when the mid-term examination was drawing near, thus distracting the members of the Board from being energetically engaged in the news collection and publication work of this student paper. Together with lack

of practical experience, only one issue could be finished; but in this issue there were all told fourteen pages consisting of a variety of materials that the Board trusted were of interest to the fellow students.

The main purposes of the Aloysians are to set up a bridge between the School and the student body, and to cultivate the power of originality among the students. Quite unsatisfactory does it seem that most articles, especially those in the English Section, were written by our Fathers and Teachers, as well as members of the Board. Having the desire to attain a high standard in layout technique and in the quality of the articles selected, the Board had to ask for counsel from our Fathers and Teachers too.

However, since the Aloysians is a student paper, the Board does hope that the situation will change for the much better, and every St. Louis boy will be keen on joining the Aloysians! From here afterwards are quotations from some VIPs of the Board.

In this half year as editors for the Aloysians, we learnt a lot of such things as writing skills and layout techniques through making many mistakes. We found that producing this student paper, though a small-scale newspaper, was not so easy as we had expected. Luckily for us the task was not a monotonous and uninteresting burden, so we still gained happiness and excitement from time to time. How unforgettable of this period that what we obtained was not money, but experience that money cannot buy!

Being the news department director, I first had to find some reliable schoolmates to help me collect the materials of the news required by the editors. The basic qualities to be a successful reporter are hardworking, sociability and, most important, sense of responsibility; and I dareasy my co-workers have already achieved all the three.

Although the task was quite time-consuming, my co-workers have no complaints at all; conversely, they were eager to carry out their duties. However, one mistake was made that they had taken a step in writing an essay instead of giving a full account of the events they had reported. I do hope that no similar thing will happen again.

Finally, I have to add that my-workers and I still have the courage to accept this challenging task in the future.

Although my post was the General Manager of the Aloysians, I was not only acting as a 'postman' who always rushed from the School to the Caritas Centre with news articles or otherwise in hand, but also as a middleman between the two who was obliged to convey information such as layout techniques from one to the other. As you can see, I was nearly tired out; but, luckily, my partner helped me a lot to relieve the task. Nice as it seemed, our conscientiousness reflected no considerable effect, resulting in that the whole procedure was delayed. For this, I am so sorry, and I will try to find the reason why.

In order to introduce more soccer knowledge to our schoolmates and cultivate our friendships, a football club has been established this year. We hope that through the club our schoolmates can learn the rules, the ways of dribbling, tactics and other techiuques.

A series of inter-house soccer matches, lectures and training courses were held this year. A inter-class knock-out football match will be held in the course of the coming summer holidays.

We are profoundly grateful to our teachers - Mr. Hung Ping Yiu, Mr. R. J. Smith, Mr. Kwok Sui Wah, Mr. Ng Wai Ming, and Mr. Liu Kin Hon for their support and encouragement.

HELP!

### blood donation

On 30th October, 1979, a mobile unit of the Red Cross came to our school on a visit - to be exact, for blood collection. Nearly all St. Louis students, 16 and above, lined up outside the General Purpose Room, waiting to have their blood tested. A total of 116 students and teaching staff members passed the test and had the hoped for chance to help others with their own precious blood. As for those who failed the test, their honest and prompt enthusiasm was indeed a great credit to them. As a reward and encouragement every donor was served with delicious biscuits and drinks after his ordeal.

These young men have a happy time after shedding some blood! (of course their own!)

Looks a bit serious, but it's jolly business indeed.

Struggling hard for honour and for ... breath!

A proud Mr. A.K. Chan, Guest of Honour at Annual Sports Meet.

# THANKSGIVING

# Speech Day

The Annual Speech Day 1979 was held in our new covered playground on 1st December, 1979, starting from 5:00 p.m. The Guests of Honour were Professor and Mrs. Sean Mackey. At the beginning, Fr. Carpella, our Principal, acknowledged the Professor's contribution towards extending the playground. In Fr. Principal's Annual Report, a review was made of our school activities covering academic, athletic, religious and social aspects. The roll-call of the 1978-79 graduates and prizewinners then followed. For this, we had the pleasure of inviting Mrs. Sean Mackey and Mr. John Liu, President of the Old Boys' Association, to present School Certificates and awards respectively.

In his speech Professor Mackey complimented us on our good public examination achievements and praised the Salesians of Don Bosco for their good deeds in helping the youth of Hong Kong.

On behalf of the students, Master Fung Chi Sang, our Headboy, expressed appreciation to our school and our families for their efforts towards making our studies so successful.

Every good thing must come to an end, and the event finished with hearty refreshments served in the school's old covered playground.

#### little little child

Sleep, sleep, little child Sleep peacefully through the night Guardian Angels at your side Watching over you with pride.

Dream, dream, little child Dream about the midnight ride Angels taking you on a chariot flight On a road as diamond bright.

Wake up, wake up, little child Cry the Angels with their might Come and see the morning light Lo, behold the lovely sight!

Rector's Shield Senior Winner Ricky Lie Ken Jie F.4D

#### **lunchtime**

After the bell rang at twelve twenty, lots and lots of students came out from St. Louis School. They went to the nearest fast-food shops and restaurants to have their lunch, and most of them had lunchboxes.

Some of the students stayed in school waiting for their classmates to buy them their lunch-boxes back to school. While they were waiting, some of them played basket-ball, football or table-tennis.

After they had got their lunch-boxes, they ate as quickly as possible so they could still have time to play afterwards. They ate in the playground or in the corridors.

When they had finished eating their food, some of them went to the library to read books or magazines. Others went to the playground to play. Some of them went shopping, and some sat by the classroom waiting it to reopen.

At about one twenty-five some of the students went back to their classrooms to prepare themselves for their afternoon lessons. At half-past one, the bell rang again and all the students went back to their classrooms to have their afternoon lessons.

#### A Basic World History for Hong Kong Book 1

#### About the author . . .

Latiffa Khan was educated at Hong Kong University and Victoria University of Wellington, where she obtained her Ph. D. in History. She has first-hand experience in teaching History in Hong Kong schools for many years.

#### About the book . . .

- The first of a series of three history books for the junior secondary forms in Hong Kong
- Accompanied by a Workbook in which pupils' activities have been carefully planned
- Follows closely the syllabus of the Hong Kong Curriculum Development Committee
- Covers the period from Stone Age Men to the fall of the Roman Empire
- Tells how ancient people actually lived rather than just concentrating on political events
- Avoids excessive overloading of facts on young minds
- Keeps the language level within the vocabulary of Form 1 pupils
- Provides Chinese translations of new words to learn for easy comprehension
- With over 190 attractive pictures and informative maps in full colour
- All pictures relate closely to the text and are placed as near as possible to the relevant sections for easy reference
- Attempts to link up the past with the present by using present-day pictures
- With numerous references to the Hong Kong situation
- Ample maps to show where actual events happened
- A Time-line to show the order in which events happened
- Provides activities for pupils at the end of each chapter

#### Contents:

Preface

Time-line

Introduction — History and Prehistory

Life in the Stone Age

Early Civilizations - Mesopotamia, Ancient Egypt, Ancient India, The Hwang Ho Valley

Ancient Greece

The City-States of Greece

The Age of Alexander

Ancient Rome

Life in the Roman Empire

The Break-up of the Roman Empire

Ancient China
